COUNCIL COMMUNICATION**

TM

**AGENDA TITLE:** Conduct a Public Hearing to Consider Adoption of Resolution Amending the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan Development Fees For 2013

**MEETING DATE:** October 17, 2012

**PREPARED BY:** Community Development Department

---

**RECOMMENDED ACTION:** Conduct a Public Hearing to consider adoption of resolution amending the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan Development Fees for 2013.

**BACKGROUND INFORMATION:** On February 21, 2001, the City of Lodi adopted the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan (SJMSCP). The Plan includes a schedule of fees to be paid by property owners who propose to develop their property with non-agricultural uses. These fees are used to mitigate for the cumulative impacts of new development on habitat lands within Lodi and San Joaquin County. According to the San Joaquin Council of Governments (SJCOG), it is necessary for all jurisdictions covered by the Plan to adopt the annual Habitat Conservation Plan (HCP) fees in order for those jurisdictions to continue to participate in the Plan. The fees are reviewed and adjusted as necessary on an annual basis.

SJCOG adopted a financial analysis model in late 2006 to calculate development fees. The Financial Analysis Model also established a formula method that provides for future annual adjustments of the fee schedule based on the established criteria. Utilizing this formula, the SJCOG has established a new fee schedule for 2013 (Exhibit A). For 2013, the per acre fees for all categories of habitat land have decreased. Open Space lands have decreased from \$7,195 to \$6,364 (by 11.55 percent). Agriculture and Natural lands, the two largest categories, have decreased by 11.56 percent from \$14,372 to \$12,711. Fees for Vernal Pool (grasslands) habitat lands decreased by 10.71 percent from \$41,534 to \$37,087 and Vernal Pool (wetted lands) decreased by 4.45 percent from \$81,989 to \$78,311. An explanation of the analysis methodology is included in the SJCOG staff report (Exhibit B).

On Thursday, September 20, 2012, The SJCOG Board unanimously approved the attached HCP fee schedule for 2013. All local jurisdictions are now being asked to adopt the new fee schedule that will take effect on January 1, 2013 and will expire December 31, 2013. The fees will be paid by land owners who develop their property with projects that are subject to the fees.

\*\* Effective January 1, 2013 – December 31, 2013 in lieu of fees to be used as the endowment for the dedicated land preserves (Category B + C)

## VELB Mitigation

A special fee category shall apply when removal of elderberries occurs. The fee shall be paid to SJCOG, Inc. or a VELB mitigation bank approved by the Permitting Agencies. The current fee, as established in the VELB Conservation Fund Account managed by the Center for Natural Lands Management, and approved by the USFWS, is \$1,800 per VELB Unit (one unit= one stem over 1" in diameter at ground level which is removed). Fees shall be established by the JPA during preconstruction surveys (i.e., counts of stems to be removed with and without exit holes shall be completed during preconstruction surveys) and shall be paid to the JPA prior to ground disturbance or stem removal, whichever comes first.

## Staff Report

**SUBJECT:** 2013 SJMSCP Development Fees

**RECOMMENDED ACTION:** Motion to Approve the 2013 SJMSCP Development Fees as Adjusted Pursuant to Land Sale Comparables and Consumer Price Index

### DISCUSSION:

In accordance with the SJMSCP and the updated financial analysis model adopted by the SJCOG, Inc. Board mid-2012 for current and future fee updates, SJCOG, Inc. staff shall notify each local jurisdiction regarding proposed annual adjustments to the SJMSCP development fees. The development fees are calculated using a formula method which will be adjusted annually as shown in the table below [FEE = Category A (acquisition) + Category B (assessment & enhancement) + Category C (management & admin)]. Each component of the formula is adjusted using a specific mechanism which relates to the individual component in the fees. The development fees established must be adopted by each of the jurisdictions and would become effective on January 1<sup>st</sup> of the subsequent year for projects using the SJMSCP.

The result was a decrease in the fees from 2012 to 2013 shown in the tables 1 and 2 below.

**Table 1 - 2013 SJMSCP Development Fees**

Habitat Type	Category A	Category B	Category C	Total Fee	Rounded Fee*
<b>Open Space</b>	\$3,894.21	\$1,568.14	\$901.85	\$6,364.19	<b>\$6,364</b>

Projects which participate under the SJMSCP benefit from a pre-determined streamlined processing of the project rather than navigating through a very long and cumbersome regulatory process led by local jurisdiction staff outside the habitat plan. By opting for participation, the project can choose any number of ways to provide mitigation for the impacts of the project through the plan:

1. Pay a fee;
2. Redesign the project to avoid/minimize impacts;
3. Provide land in lieu of the SJMSCP fee which the project will negotiate the easement/fee title costs; or
4. Any combination of the above options.

Or, the project proponent can chose to not participate in the plan and fulfill mitigation requirements on their own with both permitting agencies.

### ***Category A (acquisition) - Comparables***

This category is directly related to land valuation based on comparables which occur in specific zones of the plan. This category is evaluated on a yearly basis by taking all qualified comparables in each zone, including SJCOG, Inc. easements, to set a weighted cost per acre using the same methodology as in the 2006 Financial Analysis Update created by EPS and recently updated in mid-2012 by the Habitat Technical Advisory Financial Sub-Committee and SJCOG, Inc. approval. The SJCOG, Inc. easements are evaluated using the appraised value of the property in the before condition to be included with the fee title sales of other property occurring in San Joaquin County meeting specific criteria below. The final weighted cost per acre of each zone is calculated into a blended rate under SJMSCP Fee Category A (acquisition) figure for each habitat type (*Attachment I-Tables A-D*).

The criteria to determine valid comparables used in the weighted calculation are:

1. All SJCOG, Inc. transactions (fee title and appraised value of unencumbered property)
2. Sales not less than 40 acres
3. Sales not greater than 500 acres
4. No parcels with vineyard or orchard (except SJCOG, Inc. transactions for special needs)
5. Must be land which would fulfill mitigation under the plan
6. Comparable sales reviewed by Habitat Technical Advisory Financial Sub-committee
7. Not greater than 2 years old from the date of June 30<sup>th</sup> of each year with all acceptable comparables included (criteria 1-5). A minimum of 10 acceptable comparables are required for analysis. If the minimum of 10 transactions are not available, the time period will extend at 3 month intervals prior to the beginning date until 10 comparables are gathered.

The calculation results in a decrease to the Agricultural/Natural Habitat type of Category A (acquisition) component to be **\$7,788.41**.

### ***Category B (assessment & enhancement) - Consumer Price Index***

This category is a straight forward use of an average of the California Consumer Price Index (CPI) calculator, as reported by the California Department of Finance, for a 12 month period following a fiscal year (July – June) to keep up with inflation on a yearly basis. The California CPI calculation was an increase of **1.9%**.

The calculation results in an increase of the Agricultural/Natural Habitat type Category B (Assessment & Enhancement) component to be **\$3,136.27**.

### ***Category C (management & administration) - Consumer Price Index***

This category is a straight forward use of an average of the California Consumer Price Index (CPI) calculator, as reported by the California Department of Finance, for a 12 month period following a fiscal year (July – June) to keep up with inflation on a yearly basis. The California CPI calculation was an increase of **1.9%**.

The calculation results in an increase of the Agricultural/Natural Habitat type Category C (Management & Administration) component to be **\$1,785.92**.

SJCOG, Inc. staff calculated the fees using the SJMSCP Financial Analysis formula model [FEE = Category A (acquisition) + Category B (assessment & enhancement) + Category C (management & admin)] which is shown in Table 1-8 and final fee table in *attachment 2*. The overall result in the calculations was a decrease in the fees from the 2012 to the 2013 shown in the table below.

<b>Habitat Type</b>	<b>Category A</b>	<b>Category B</b>	<b>Category C</b>	<b>Total Fee</b>	<b>Rounded Fee*</b>
<i>Open Space</i>	<i>\$4,770.60</i>	<i>\$1,538.90</i>	<i>\$885.03</i>	<i>\$7,194.54</i>	<b><i>\$7,195</i></b>

The SJMSCP process allows projects which participate under the county-wide habitat plan to realize pre-determined streamlined processing of the project through an otherwise cumbersome regulatory process in a much shorter period of time and cost then navigating outside the plan. By

opting for participation and realizing the benefits of the SJMSCP, the project can choose any number of ways to mitigate the impacts of the project through the plan. The SJMSCP allows projects to choose one or multiple mitigation options like simply pay a fee, redesign the project to avoid/minimize impacts, provide land in lieu of the SJMSCP fee which the project will negotiate the costs on their own, or a combination of the options.

The HTAC recommended approval by the SJCOG, Inc. Board to adopt the 2013 SJMSCP Development Fees during the August 2012 HTAC meeting.

**RECOMMENDATION:**

Staff recommends the SJCOG, Inc. Board to adopt the 2013 SJMSCP Development Fees.

RESOLUTION NO. 2012-169

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LODI  
AMENDING THE SAN JOAQUIN COUNTY MULTI-SPECIES  
HABITAT CONSERVATION AND OPEN SPACE PLAN  
DEVELOPMENT FEE SCHEDULE

=====

WHEREAS, the City Council of the City of Lodi adopted an ordinance establishing the authority for collection of a Development Fee for the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan (SJMSCP) for all new developments pursuant to the SJMSCP within the City of Lodi; and

WHEREAS, a "Fee Study" dated July 16, 2001, was prepared, which analyzed and identified the costs, funding, and cost-benefit of the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan; and

WHEREAS, the purpose of the SJMSCP Development Fee is to finance the goals and objectives of the SJMSCP that include, but are not limited to, preserve land acquisition, preserve enhancement, land management, and administration that compensate for such lands lost as a result of future development in the City of Lodi and in San Joaquin County; and

WHEREAS, after considering the Fee Study and the testimony received at the public hearing, the Lodi City Council approved said report; and further found that the future development in the City of Lodi will need to compensate cumulative impacts to threatened, endangered, rare, and unlisted SJMSCP Covered Species and other wildlife and compensation for some non-wildlife related impacts to recreation, agriculture, scenic values and other beneficial Open Space uses; and

WHEREAS, an "Updated Fee Study" dated November 2, 2006, was prepared, which analyzed and identified the costs, funding, and indexing of the SJMSCP; and

WHEREAS, the SJMSCP Development Fees are divided into four categories: multi-purpose open space conversion; natural land and agricultural habitat land; and vernal pool habitat; and

WHEREAS, the SJMSCP Development Fees for these three categories will be decreased consistent with the Updated Fee Study findings for the year 2013; and

WHEREAS, to ensure that the SJMSCP development fees keep pace with inflation, annual adjustments, based on the method set forth in this resolution, shall be made to the fees annually; and

WHEREAS, the Updated Fee Study with the SJMSCP and the fee amendment were available for public inspection and review in the office of the City Clerk for more than ten days prior to the date of this Public Hearing.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lodi as follows:

1. The City Council finds and declares that the purposes and uses of the Development Fee, and the determination of the reasonable relationship between the fees' uses and the type of development project on which the fees are imposed, are all established in Ordinance 1701, and remain valid, and the City Council therefore adopts such determinations.

2. The City Council finds and declares that since adoption of Ordinance 1707, the cost of land has decreased in San Joaquin County; and that in order to maintain the reasonable relationship established by Ordinance 1701, it is necessary to decrease the Development Fee for the San Joaquin County Multi-Species Habitat Conservation and Open Space Plan.
3. The Development Fee for natural lands, agricultural land, vernal pool habitat and multi-purpose open space conversion shall be consistent with the table identified in Exhibit "A" and attached hereto.
4. The Fee provided in this resolution shall be effective on January 1, 2013

NOW, THEREFORE, BE IT DETERMINED AND RESOLVED that the City of Lodi City Council hereby approves the proposed Habitat Conservation and Open Space fee adjustment.

Dated: October 17, 2012

=====

I hereby certify that Resolution No. 2012-169 was passed and adopted by the City Council of the City of Lodi in a regular meeting held October 17, 2012, by the following vote:

## VELB Mitigation

A special fee category shall apply when removal of elderberries occurs. The fee shall be paid to SJCOG, Inc. or a VELB mitigation bank approved by the Permitting Agencies. The current fee, as established in the VELB Conservation Fund Account managed by the Center for Natural Lands Management, and approved by the USFWS, is \$1,800 per VELB Unit (one unit= one stem over 1" in diameter at ground level which is removed). Fees shall be established by the JPA during preconstruction surveys (i.e., counts of stems to be removed with and without exit holes shall be completed during preconstruction surveys) and shall be paid to the JPA prior to ground disturbance or stem removal, whichever comes first.
